SECESSION POPS UP

County Won't Fight Desert Area Split

By KEN REICH

Sun Staff Writer

PALM DESERT — County Administrative Officer Robert Andersen said here Friday that county officials "would not discourage" moves in the Fourth Supervisorial District to secede from Riverside County and form a new Desert County.

Speaking before the Palm Desert Rotary Club, and in an interview afterwards Andersen asserted that from population and assessed valuation standpoints the Fourth District, which stretches from Whitewater Canyon to Blythe, could easily sustain itself as a county.

"With an assessed valuation of over \$250,000,000 you are richer than 20 of the state's 58 counties already," he said. "And Imperial County has about the same population as you do."

Difficult Task

At the same time, Andersen cautioned the Rotarians that no new counties have been formed in California in the last two decades and that establishment of a Desert County would not be easy.

"I would study the set-up in Imperial County. They are a good example for you," Andersen said.

Earlier, while answering Rotarians' questions, the administrative officer conceded that the Fourth District contributes 40 per cent of all bounty funds, but gets back a lot less than that.

He said funds from the district

were helping to foot a large and increasing welfare program in the western end of the county. Riverside County's total welfare bill last year was in excess of \$12,000,000. There are a smaller ratio of people on welfare rolls in the eastern than the western part of the county, according to Andersen.

County Is Vast

In a 20-minute talk the county officer pointed out that Riverside County was the state's 12th largest in population and fourth largest in terms of area. It has more people within its boundaries than either Alaska or Nevada and has a greater area than Delaware, Connecticut, or Rhode Island.

Expenditures, Andersen said, amount to approximately \$35,000,000 a year, of which \$25,000,000 comes from the state and federal

government. County collections amount to about \$10,000,000, of which \$4,000,000 comes from the Fourth Supervisorial District.

Andersen was introduced by former County Planning Commission member L. C. Lewis, who lauded him for outstanding public service since he was appointed Riverside County's first administrative officer three and a half years ago.

After his talk the county official told The Desert Sun that the county is concerned about sand damage to homes on county land outside Palm Springs. He said he was particularly unhappy with the state Highway Department for causing a sand problem by failing to adequately landscape the Highway 60-70-99 freeway between Garnet and Thousand Palms.

"With an assessed valuation of over \$250,000,000 you are richer than 20 of the state's 58 counties already," he said. "And Imperial County has about the same population as you do."

News In Brief

WASHINGTON UPI — President Kennedy's plans to meet the Russian threat to Berlin will begin taking visible shape next week.

On Tuesday, Kennedy is expected to send the Kremlin his rejection of Soviet Premier Nikita Khrushchev's German demands.

On Wednesday, he will go before reporters to answer questions about the Berlin note.

OLYMPIA, Wash. UPI — Better firefighting equipment at Denver's Stapleton Field could have prevented the death of 16 passengers who died when a DC8 jetliner crashed Tuesday, a fire official said.

Capt. W. D. (Bill) Robertson, fire chief of the Seattle-Tacoma International Airport, made the statement here during an open format hearing conducted by the Washington State Aeronautics Commission.

BAGHDAD, Iraq UPI — Iraq's Premier Abdul Karim Kassem Friday night demanded that the British get out of Kuwait and warned "we will fight imperialists, especially British imperialists."

"The British have made an army camp out of Kuwait, which is part of the motherland and we

believe Bruce is alive."

Sheriff's deputies and volunteers totaling a force of 3,000 persons searched for 11 days without finding a single clue to the whereabouts of Bruce.

"We have sent crews back many times," said Capt. C. D. Fontaine, commanding officer of the sheriff's juvenile bureau, "and this case will remain open until solved."

Also unsolved is the disappearance of three other children in the same forest in 1956 and 1957. Parents of all four children be-

lieve their youngsters were kidnapped.

Brenda Howell and Donnie Baker rode their bicycles into the area and have not been seen since August, 1956. A year later Tommy Bowman disappeared while hiking with his father.

"What else is there to believe but kidnapping when no clues were uncovered in a year's time," said Mrs. Kremen.

Meanwhile, in the Kremen home in this Los Angeles suburb, the light of faith and hope burns stubby for a boy whose birthday is next Friday.

Four Injured In Car Crash

TWENTYNINE PALMS — Two persons were badly injured and two escaped with minor bruises in a crash on the Twentynine Palms Highway Friday, the California Highway Patrol reported today.

Officers said Twentynine Palms Marine Ernest Flink, 21, was southbound when his car collided with the car of Jacob Schwafel, 52, of Alhambra.

Flink and a passenger in his car, Iris Pillows, 30, Twentynine Palms, were treated at Desert Hospital. Injured less seriously was another passenger in the car, Marine George Stokes, 21.

Marine Ernest Flink, 21, was southbound when his car collided with the car of Jacob Schwafel, 52, of Alhambra.

Flink and a passenger in his car, Iris Pillows, 30, Twentynine Palms, were treated at Desert Hospital. Injured less seriously was another passenger in the car, Marine George Stokes, 21.

"We haven't lived a normal day since Bruce's disappearance," his mother, Mrs. Joseph Kremen, said, "but we are sure some day he will come back to us."

The Kremens and another son, Jeffrey, 13, cling stubbornly to a

belief Bruce is alive.

Sheriff's deputies and volunteers totaling a force of 3,000 persons searched for 11 days without finding a single clue to the whereabouts of Bruce.

"We have sent crews back many times," said Capt. C. D. Fontaine, commanding officer of the sheriff's juvenile bureau, "and this case will remain open until solved."

Lynch Mob Seeks Killer

CRAIG, Colo. (UPI) — A 25-year-old confessed cop-killer was lodged in jail here today under heavy guard after posse members who participated in a manhunt threatened to lynch him.

Delmar Dean Spooner of Storm Lake, Iowa, was whisked hurriedly away from the site of his capture near Bond, Colo., Friday night after cries of "lynch him, get a rope, hang him" were heard from the angry, heavily armed crowd of possemen. He was put in Moffat County jail here.

"It's been parked near here all day, with the keys in it," the man reported.

Investigating officers found all this true. The vehicle, owned by a local automobile agency, was cited for failure to display registration.

The car was being driven by the son of the informant.

U.S. NOTE HITS SOVIET FOR ATOM TEST BLOCK

Urge Test Ban Issue Placed On U.N. Agenda

WASHINGTON (UPI) — The United States, accusing Russia of attempting to sabotage the deadlocked nuclear test negotiations, moved today to put the whole issue before the United Nations General Assembly.

The State Department announced that the United States and Britain were proposing that the test ban issue be placed on the agenda for the U.N. Assembly meeting next September.

The announcement coincided with a stiff note sent to the Soviet Union, delivered to Moscow today, outlining the U.S. position on the tests.

Sabotage Example

In the note today, the United States again rejected the Soviet proposal for a tri-partite agency representing the West. The Communists and neutrals — to be in charge of policing a test ban.

"This is a striking example of the Soviet Union's attempt to sabotage the Geneva nuclear test ban negotiations," the note said.

It added that there were other examples in the Soviet position dealing with inspection and control and said they showed "Soviet resistance to negotiating an effective nuclear test ban agreement in Geneva."

The note was in reply to one from Russia July 5 which alleged that the United States was no longer interested in a test ban agreement but was simply seeking a "pretext" to resume tests of nuclear weapons.

Proposals Rejected

This was the latest in a series of exchanges which began when Soviet Premier Nikita Khrushchev, at his Vienna meeting with President Kennedy, handed over a lengthy memorandum on nuclear testing. The President, in a reply June 17, rejected Khrushchev's two major proposals:

—Delaying further test ban talks until they can be merged with general disarmament negotiations scheduled to begin some time in the future.

—That any system to police the test ban to be placed under control of a three nation (troika) commission subject to Soviet veto.

Efforts All Fail

Kennedy has said repeatedly that the Russian proposals are not acceptable and cast serious doubt on the good faith of the Russians.

The United States, Britain and Russia have been trying for more than two and a half years at negotiations in Geneva to agree on a nuclear test ban treaty. All efforts have ended in failure.

Dad Puts Police Onto Son's Car

It's a wise father who knows his own son's car, Palm Springs police concluded Friday.

A Palm Springs businessman phoned police headquarters late Friday afternoon, reporting a suspicious car parked on Indian Avenue.

"It's been parked near here all day, with the keys in it," the man reported.

Investigating officers found all this true. The vehicle, owned by a local automobile agency, was cited for failure to display registration.

The car was being driven by the son of the informant.

They are thought to have taken more of the small parts and already disposed of them.

Lt. William Lux said it was a relatively simple matter to take the articles off cars. In the case of the tail light assemblies "all you must have," he said, "is a screwdriver and about a minute of time."

The youths were found with 18 gas tank and radiator caps, a tail light assembly from a Cadillac, and Thunderbird and Lincoln Continental side view mirrors in their possession.

Beyond this, however, Khrushchev is reported anxious to amass as much backing as possible from his Communist allies as well as Communist leaders outside the Soviet bloc.

Fires Rage Over Vast Timberland Red Summit In Moscow Next Autumn

SAN FRANCISCO (UPI) — Weary firefighters battled more than 40 lightning-triggered blazes today in tinder-dry northern California.

A state forestry spokesman said new blazes "are appearing almost hourly."

A careless smoker has been blamed for the latest major fire which has destroyed some 3,000 acres of grass, brush and oak trees 36 miles northeast of Fresno. The flames were roaring unchecked toward a 50,000-acre stand of commercial timber on Rodgers Ridge valued in the millions.

Seven borate tanker planes dumped 60,000 gallons on the flames by mid-afternoon in a day-long-to-dark bombardment of the flames Friday as the steep rocky terrain hampered fire-fighting efforts.

The state's worst fire of the year, south of Yosemite National Park, was reported almost under control. All but 800 of the more than 2,000 men fighting this blaze were released and most were sent to fight the Fresno fire.

The American Red Cross said in San Francisco that it had sent five disaster specialists to Madera County to help victims of the Yosemite area fire.

Mildred Schilling of the Red Cross said that 25 families registered for help in Ahwahnee, Nip-

panee, believed to have been solved a six-month-long wave of tail light and gas tank and radiator cap thefts following the arrest of two youths, aged 15 and 17.

The youths were found with 18 gas tank and radiator caps, a tail light assembly from a Cadillac, and Thunderbird and Lincoln Continental side view mirrors in their possession.

Beyond this, however, Khrushchev is reported anxious to amass as much backing as possible from his Communist allies as well as Communist leaders outside the Soviet bloc.

Declines Dampen Wall Street on Summer Rally

NEW YORK (UPI) — Four consecutive declines and a single advance, all on fairly small volume, dampened Wall Street's hope this week for a sustained summer rally on the stock market.

The chain of losses, unbroken until Friday on the basis of total advances versus total declines, washed out nearly half the headway made by the market a week earlier.

However, the sizable rebound in the final session spurred hopes among many experts that the summer rally isn't a dead issue yet and that a further recovery may be in store for the market next week.

But others among the Wall Street cognoscenti, more con-

cerned with sagging volume than with the price structure, maintained that the market is heading into another period of prolonged drifting.

News No Comfort

While agreeing that such statements could prove premature, these less optimistic sources also suggested that the highs of the much advertised rally may have already been seen.

With the government's investigation of the stock exchanges dulling speculative urges and concern deepening over the international situation, stocks were up against it from the outset until Friday noon when the late rebound took shape.

To make matters worse there was only scant comfort in the economic news. Although June retail sales moved up 1 per cent from May, several major industries were hit by seasonal summer slowdowns.

Steel production dropped again—and sharply—while auto production continued to slacken prior to the upcoming model changeover.

The big Russian air show generated some buying enthusiasm for aircraft shares, but the continued emphasis the Soviet is putting on manned planes adversely affected missile and related electronic issues, many of which were under duress from profit takers.

Utilities Gain

The Dow-Jones 30 industrial average closed out the week at 690.95 for relatively small loss of 1.78. The rail average which finished at 137.05 showed a big decline of 4.31 while utilities posted a gain of 0.44, closing at 114.37.

Volume for the period amounted to 14,844,700 shares compared with 11,964,700 in the prior holiday week and 12,996,536 last year.

For the second successive week Avco was the market's most active issue, climbing 1/4 point on 309,500 shares. Chariots have been praising its technical action and the company was awarded two big military contracts during the period.

Martin, which some analysts say has lost its speculative glamour in view of a recent merger agreement, ranked second most active, off 3/4 on 296,300 shares. It was followed by Bethlehem Steel up 1/4, Brunswick off 4 and AMF off 4/4, the last two on unfavorable comment in an important financial journal.

United Aircraft and North American paced their section with gains of 2 1/4 and 2 1/4 respectively. Among the other defense issues, Litton lost 7, Clevite 5 1/4, Zenith 8 1/2 and Texas Instruments 7 1/2. Changes in the steel section generally were confined to a point or less. Motors charted a similar course, featuring Ford up 1/4 and Chrysler down 1. Chemicals indicated some sizable losses, but Du Pont ran against the grain with a rise of 4 1/4.

Planning matters to be taken up by the supervisors include the report of approval of a variance to El Dorado Palms, Inc. for a hotel in the Indian Wells district, report of approval of a public use permit to Rancho Palmeras Estates for an area in the Indian Wells district, and report of approval of a variance to Desert Property Consultants for a parking lot in the Cathedral City - Palm Desert district.

Recommendations will be heard for adoption of interim zoning in the Cathedral City, Palm Desert, and lower Coachella Valley areas and the supervisors will study the possibility of holding a hearing on the adoption of a precise plan for Highway 111 in the Indian Wells district.

Planning matters to be taken up by the supervisors include the report of approval of a variance to El Dorado Palms, Inc. for a hotel in the Indian Wells district, report of approval of a public use permit to Rancho Palmeras Estates for an area in the Indian Wells district, and report of approval of a variance to Desert Property Consultants for a parking lot in the Cathedral City - Palm Desert district.

Officers presenting the degrees will be from the 34th Masonic District, which includes Palm Springs, Redlands, Ontario, San Bernardino, Needles and Riverside. Jack C. Powers, past high priest of Riverside, will direct the team conferring the degree.

Participating in the conferring team from Desert Chapter 150, Palm Springs, will be Newland De Vault, Cecil Gordon and Archie Long.

Prior to the outdoor ceremonies dinner will be served at the Masonic Temple at 5:30 p.m.

Royal Arch Mason degrees will be conferred at the Palm Springs temple Tuesday night, Cecil Gordon, local high priest, announced.

The increases include \$16,875 due from state funds for tuition costs of junior college students resident in the district, and \$39,609 from increases in assessed valuations, business manager Dr. Roy McCall, president, announced. The tuition funds will be paid out to other schools where students are in attendance.

The budget will result in an estimated 25 cents per \$100 assessed valuation operating tax rate, plus an undetermined increment for fixed costs. Assessed valuation preliminary figures totaled \$220,335,415, including \$210,238,835 on the secured property roles, and \$10,096,580 worth of unsecured property.

Club Fish Fry Slated Thursday

DESERT HOT SPRINGS — The

Sierra Citizens Club will hold its

first major event with a fish fry

in Whitewater Canyon, beginning

at 4:30 p.m. Thursday.

Deadline for reservations is Mon-

day, Wesley Miller, club president

announced. Chef will be Walter

Klock. Co-chairmen are Mrs. S.

Ralph Yocom and Mrs. Henry

Berry. Reservations or informa-

tion may be obtained by phoning

Mrs. Yocom at 329-4115, or Mrs.

Berry, 329-5101.

School Board Gives Approval

To New Budget

PALM DESERT — The Coach-

ella Valley Junior College District

board approved a tentative pub-

lication budget for operations with

increases totaling \$44,484 over the

previous tentative budget of \$1,

073,095, during the Thursday

meeting.

The increases include \$16,875 due from state funds for tuition costs of junior college students resident in the district, and \$39,609 from increases in assessed valuations, business manager Dr. Roy McCall, president, announced. The tuition funds will be paid out to other schools where students are in attendance.

The budget will result in an es-

timated 25 cents per \$100 assessed

valuation operating tax rate, plus

an undetermined increment for

fixed costs. Assessed valuation

preliminary figures totaled \$220,

335,415, including \$210,238,835 on

the secured property roles, and \$10,096,580 worth of unsecured

property.

two foot hole he dug in Tamarisk Park. The trees, developed after years of cross breeding, grow rapidly and provide "enough shade for six cars," according to Bear Paw. An evergreen, the tree doesn't shed and is easily maintained and well suited to the desert. (Desert Sun Photo)

Roadside Rests Studied Monday By Supervisors

RIVERSIDE — Supervisors are

expected to approve a resolution favoring the establishment of roadside rests along main highways in the county when it holds a regular meeting Monday at 9 a.m.

Also under consideration will be the request of the county tax collector to take action for collection of taxes on the Palm Springs Country Club Estates, a local subdivision.

Planning matters to be taken up by the supervisors include the report of approval of a variance to El Dorado Palms, Inc. for a hotel in the Indian Wells district, report of approval of a public use permit to Rancho Palmeras Estates for an area in the Indian Wells district, and report of approval of a variance to Desert Property Consultants for a parking lot in the Cathedral City - Palm Desert district.

Being Normal Earns 'Colorful' Monicker

(EDITORS NOTE: Vernon Scott is on vacation. Gardner McKay, star of TV's "Adventures in Paradise," writes today's column)

By GARDNER MCKAY
HOLLYWOOD (UPI) — I seem to have acquired a reputation in Hollywood, at least — as a colorful character, and I'm puzzled by this since I certainly didn't try for it.

I don't fit my own picture of what constitutes a colorful character.

Apparently this is the theory: If you come to Hollywood, manage to get yourself a job as a TV star and then conduct yourself in a normal way, you are an eccentric.

Because so many performers here are deliberately trying to give the appearance of being oddballs, being orthodox makes you stand out in the crowd.

My dog loves people and needs company. When I lock him in the house alone or tie him up in the yard, he howls like a banshee all day long. So I take him to the "Adventure in Paradise" set every day. There he curls up in a corner and snoozes. He's fine when there are people around.

Then everyone says, "Howdy-like that guy McKay. He takes his dog to work with him. Wotta kook." And all I'm doing is trying to keep him from making a howling nuisance of himself.

Drives Older Car
I drive a '58 car that's showing its age. The paint is fading, it has the routine assortment of nicks and dents, but it's in good mechanical condition. So people say, "The guy's a big TV star, but look at the old wreck he's driving. I've seen beachcombers with

better cars." My gosh, it gets me everywhere I want to go, and that's all I'm interested in.

I love to read; my house is crammed with books. There are all kinds — some are lightweight best-selling novels; others are more profound—philosophy, economics and the like. I've had visitors who've asked, "What are you? Some kind of screwball genius? How come you don't stick to Variety like the rest of us?"

Actually, it's not so strange. If I were wild about the ponies, I'd have the place filled with just as many copies of the racing form.

Worked As Skipper

I'm also an art buff (I was a professional sculptor) and an outdoor sportsman (I skippered a charter yacht for a while), so my house is overflowing with paintings, guns, fishing tackle, stuffed bass, deer hides, tennis balls and yacht pennants.

I've been accused of running both a rummage sale and museum, but what can I say? When a guy is both a collector and a bachelor, his home is bound to have that "lived-in" look.

Because I speak rather slowly and carefully, some people have the impression that I'm a brooding intellectual. Right off the bat they think, "Hey, this guy is a scholar — all time thinking, thinking. And he didn't call me 'Freddy-baby,' either."

I'm deeply flattered, but the truth is that I developed that speech mannerism when I was younger to beat the stuttering problem I had, and haven't lost the habit.

Here's my theory. In Hollywood they just don't comprehend us plain people.

Gov. Brown Signs Measure Protecting Auto Buyer

LOS ANGELES (UPI) — Gov. Edmund G. Brown today signed a bill providing additional protection for the rights of persons who buy cars on time.

The bill by Assemblyman Thomas M. Rees, D-Los Angeles, requires that all sales contracts be in writing and in a single docu-

ment containing all the agreements of buyer and seller.

It also requires that the documents must specify the cash down payment, cost to the buyer of any insurance, amount of the finance charge and the number of installments. It prohibits dealers from advertising that no down payment is required if this is not true.

Other bills signed by the governor will:

— Make it a misdemeanor to place employment advertising which is misleading as to salary, commission or compensation to be earned.

— Legalize 15-round championship boxing matches when the voters adopt a constitutional amendment to the same effect.

— Increase annual salaries of Imperial County auditor from \$8,000 to \$10,000, district attorney from \$12,000 to \$13,000 and supervisors from \$4,200 to \$4,800.

— Increase annual salary of Riverside County district attorney from \$15,000 to \$16,500.

— Permit city and county jails to use inmate funds for programs for sale of handicraft items made by the inmates.

LA Rapid Transit Bill Gets Signed

LOS ANGELES (UPI) — A bill clearing the way for the Los Angeles Metropolitan Transit Authority to begin development of a rapid transit system was signed into law Friday by Gov. Edmund G. Brown.

The bill was introduced by Assemblyman Augustus F. Hawkins, D-Los Angeles. Brown said he considered it "one of the most significant" bills affecting Los Angeles to result from the 1961 legislature.

Under terms of the bill the MTA can proceed with its plan to build a 23 mile "backbone" of a rapid transit system to serve the metropolitan area. The route would extend from projected Century City through the heart of Los Angeles to El Monte and include a 12-mile long subway.

Don't put soft glass or crystal in your dishwasher. Often such glassware streaks or etches in the washer.

OLD FRIENDS ARE THE BEST FRIENDS

So have THE DESERT SUN with DENNIS THE MENACE and your other favorite features—follow you on your holiday.

Phone 325-5005 now and tell us where and when to send it. No extra charge for mailing!

OPENING MONDAY at the Riviera Hotel will be the De Fuentes Brothers, who are usually to be caught at such Nevada locations as Las Vegas, Reno and Lake Tahoe. Vocal pre-

sentations are sprinkled with dance numbers by the three brothers. They were seen in the films "The King and I" and "Guys and Dolls."

Engineer Warns Dam Failure Could Kill

NEW YORK (UPI) — "In the next decade it is probable that several hundred people will be killed in the United States as a result of dam failures," said James L. Sherard, an engineer who specializes in their foundations.

"It could happen in half a dozen places tomorrow."

Sherard wants a law—49 state laws, to be precise—to protect the uncounted hundreds of thou-

Bringing Pooch On Vacation Trip Has Problems

NEW YORK (UPI) — If you are planning on taking the family dog along on your vacation this summer, here's a word of caution: while Rover can travel in 49 of the 50 states in relative, though leashed, freedom, a variety of documents will be needed to get him legally across state lines.

The 50th state, incidentally, is Hawaii, which is out of bounds unless you are willing to have your pet spend 120 days in quarantine.

The huge federal dams throughout the country are also as safe as engineering know-how can assure. "They have constant attention, people wandering all over them," Sherard said.

But higher and more radically designed dams are being built daily by private persons for private purposes sometimes without adequate supervision of the original design and, more frequently and more importantly, without any provision for inspection, Sherard said.

In the last three years, more than 400 persons have died in Brazil. Residents below Crystal Lake Dam at Middletown, Conn., escaped with their lives when it gave way a few months ago, but six families lost their homes.

Competence of the original designer and builder of a dam is no proof against disaster, Sherard said. A dam structure must be watched throughout its life for signs of weakening, unusual stresses and earth movements. And it takes an expert to know them.

Sherard estimated there are perhaps 1,000 large dams in the country today without that expert surveillance.

Read the labels when you buy clothes. The information they contain is vital to the life and care of your dogs.

Former crippled child Jackie Payne, 14, will lead 24 Vera Lynn Majorettes in Shrine Pageant and Football game, July 26, at Coliseum. Proceeds go to Shriners Hospital for Crippled Children.

The bill was introduced by Assemblyman Augustus F. Hawkins, D-Los Angeles. Brown said he considered it "one of the most significant" bills affecting Los Angeles to result from the 1961 legislature.

Under terms of the bill the MTA can proceed with its plan to build a 23 mile "backbone" of a rapid transit system to serve the metropolitan area. The route would extend from projected Century City through the heart of Los Angeles to El Monte and include a 12-mile long subway.

Industrial Production Takes Leap During Month

WASHINGTON (UPI) — Industrial production rose in June for the fourth month in a row, climbing back to its pre-recession level, the Federal Reserve Board reported today.

The board said widespread gains in output advanced its index of industrial activity to a June reading of 110. This was up two points from May and only one point below the all-time high.

The June reading meant that factory, mine, mill and Utility output last month stood 10 per cent higher than in 1957. This is the base year and is assigned a rating of 100 on the index.

The index hit 110 in both May and July of 1960. But the busi-

ness recession dropped it to a low of 102 last January and February.

The board said output of consumer goods edged up slightly above the previous high reached in the spring of 1960. There were widespread gains in both durable and nondurable goods. Autos, television and radio sets showed substantial gains.

Output of commercial machinery reached new high. Additional gains in the production of textiles, chemicals and other soft materials lifted the board's index for nondurable materials to a new record.

June gains were slight in iron and steel, which paced the strong early spring sprint in the index.

Poison Labels Asked by League

WASHINGTON (UPI) — The Consumers League today suggested the government make manufacturers put skull and crossbones warnings on poisonous household goods, along with advice on what to do until the doctor comes.

Vera Mayer, a Consumers League representative, said in testimony prepared for a Food and Drug Administration hearing that "consumers who purchase the hazardous substances... have the right to know exactly what they are buying, how it is used, and what to do in case of misuse and accident."

The hearings are on proposed regulations to carry out a labeling law passed by Congress last year. Numerous manufacturers of household commodities from paint to detergents protested Thursday that the FDA's proposed labeling requirements are impractical and unfair.

The 50th state, incidentally, is Hawaii, which is out of bounds unless you are willing to have your pet spend 120 days in quarantine.

The huge federal dams throughout the country are also as safe as engineering know-how can assure. "They have constant attention, people wandering all over them," Sherard said.

But higher and more radically designed dams are being built daily by private persons for private purposes sometimes without adequate supervision of the original design and, more frequently and more importantly, without any provision for inspection, Sherard said.

Thirty-seven of these states have specific laws governing the entry of out-of-state dogs, according to a survey by Pitman-Moore Company, a manufacturer of veterinary pharmaceuticals.

The other 12 states have no specific regulations, although in two of them, Virginia and Kansas, have their own rules.

But even where there are no formal rules, state veterinary officials recommend that animals be "properly protected" before they are taken on a trip.

A slight trend away from early matrimony has been noted among undergraduate students at the University of California at Berkeley.

The main consideration of the mainland states which allow transport of dogs is to regulate it only in order to prevent outbreaks of rabies and communicable canine diseases such as distemper and hepatitis.

Sherard estimated there are perhaps 1,000 large dams in the country today without that expert surveillance.

Read the labels when you buy clothes. The information they contain is vital to the life and care of your dogs.

Former crippled child Jackie Payne, 14, will lead 24 Vera Lynn Majorettes in Shrine Pageant and Football game, July 26, at Coliseum. Proceeds go to Shriners Hospital for Crippled Children.

The bill was introduced by Assemblyman Augustus F. Hawkins, D-Los Angeles. Brown said he considered it "one of the most significant" bills affecting Los Angeles to result from the 1961 legislature.

Swim Parties
Planned By
Junior Women

on the ...
**SUNNY
SIDE**
... with Sue

The Palm Springs Junior Woman's Club will hold the first of a series of three swim parties tomorrow, in an effort to raise money for AuChau Kuen, the Chinese girl living in Hong Kong, who they are supporting for the second year.

First party is being held from 4 to 9 p.m. at the home of Mrs. Richard Rajcher, 1316 El Alameda, who is International affairs chairman for the Juniors this year. Juniors, members and guests attending will donate \$1 a couple to be used for the orphan being cared for by the Juniors under the auspices of the Foster Parents Plan, Inc.

Junior president, Mrs. William Shupe, De Anza District second vice president, Mrs. Richard Hill, and Senior Coordinator from Indiana, Mrs. Charles Schwencen will represent the Palm Springs Junior Woman's Club at the De Anza District Summer Board meeting being held on Saturday, July 15, in Banning at the San Gorgonio Inn. Meeting dates and places for the district will be chosen at this time and there will be workshops for District chairman and a president's workshop for the presidents of the 14 clubs belonging to the De Anza District of the California Federation of Women's Clubs Junior Membership.

June meeting of the Juniors was held poolside at the home of the new president, Mrs. William Shupe. Mrs. Shupe announced the arrival of two junior Juniors by congratulating Mrs. Robert Ricciardi on the birth of her daughter Dawnelle, and Mrs. C. J. Mersch on her daughter Julie Ann.

The appointment of Mrs. Robert Ricciardi to fill the vacancy of treasurer was ratified by the members.

A donation of \$10 was voted to the Jaycees for their fireworks because of the low treasury of the Juniors during the inactive summer months. Members gave an additional \$15 from personal donations, to make a donation of \$25 to the Jaycees possible.

As hostesses of the meeting, Mrs. Richard Algier and Mrs. Gerald Pelton served home-baked cupcakes and punch.

On buffet night, Glenn and Vivian Austin entertained the George Hearsts and Dr. and Mrs. Ken Grows. This evening the Austins are attending the L.A. W.A.F. "Just For Fun" Party (Vivian is the third term president of the local chapter). While in L.A., they will pick up daughter Angela who has just been visiting Janie Smith, daughter of Bill Smiths of Bel Air.

The Grows will soon be off to British Columbia and fishing (in out of the way places). Eugenia says she doesn't care if it snows every day until they return after Labor Day.

In the same crowd Wednesday at Idylwild now, are the Barney Millers. They will pick up daughter Gay, who has been studying with the Jr. Players at ISO-MATA, but son Jay will remain for another week.

An Hawaiian vacation with his wife seems to have turned the tide for Judge Merrill Brown, who recently suffered a heart attack. He is now back in his chambers at Indio Superior Court.

You'll be missing announcer Jerry London's morning greeting for the next two weeks, but he's been missing his wife, Flo, who's been vacationing in Santa Monica—He'll spend his vacation with Flo and their two daughters, Mona and

Denise LeClair Honored At Slumber Party

Marion and Stan Sayles, who enjoyed Las Vegas so much during the Optimist Convention at the Stardust, returned to the Silver City again. They report a hilarious time was had, when they enjoyed Jack Durant at the Desert Inn as guests of Henny Youngman.

Back home (but not for long) are Helen and Jack Kenaston; Barbara and Barney Hinkle; and Lou and Ruth Mansseau, who visited Flagstaff, Arizona. While there, the Kenastons visited Red a d Jessie Oakes at their North Aire Country Club home.

Helen and Jack are now visiting her mother, Mrs. Julia Lindsay, in Long Beach. They'll remain in California just long enough to see Revel run in the Lakes and Flowers Stakes at Hollywood Park, July 20. Then, they'll be traveling to Hood Canal in Washington, where they'll visit Ned and Lillian Bishop.

The Hinkles will stay on the California side of Lake Tahoe, at Meek's Bay for two weeks.

At La Jolla, the Mansseaus are warming up their summer home.

Ex - Robinsonite Jeri Wormser spent last weekend visiting ex-Robinsonite Pat Wright and family. Soon, Jeri will return to Japan to complete buying chores for Seibu Stores.

Pat and Harold Wright's daughters, Harriet and Linda, are sailing the five great lakes on the S. S. American. In the fall, they hope to sail to Europe aboard a freighter.

More than one-half of the UPI Women's Department releases deal with Mrs. Jack Kennedy. From a Republican point of view, I'd say that's J.F. Kayola.

When Mrs. Katherine Johnson jetted to L.A. from her Atlanta home, her son Tim Johnson was there to meet her. Mother and son will make a one-month motor trip along the California coastline.

When Tim returns in August, he'll have a big job ahead of him. He's expanding his 600 configurations and, by leasing the adjoining suite in the Weimans building, will double its size by next season. A new feature will be a make-up bar with a Marcella Borghese expert on hand daily to give the gals a new slant on face-conditioning.

Bob Hope, who has just completed "Bachelor in Paradise" with Lana Turner at M.G.M., is now in London with Dolores, Kelly and Nora, where he will start shooting "Road to Hong Kong" with Bing.

Driving to the Desert Sun from his Thousand Palms home this week, Harry Oliver reported he saw snow on top of Tahquitz Canyon. He says the Palm Springs mountains present a beautiful view out his way, and remarks, "It is unfortunate that Palm Springs people never get to see the beauty of their mountains."

Harry's latest Desert Rat Scrap Book features "smart animals and stupid people." This should be a funny one, as Harry tells me three-quarters of all humor involves animals.

Traveling with Curtis Alexander, manager of Mira Loma for the past 11 years, Roy Bradley will mix pleasure with business. While in the San Francisco - Lake Tahoe area, Roy will be scouting for a new chef for Aloha Joe's and RimRocks. He will also keep a watchful eye out for entertainment, new to the desert.

Mariquita Moll Featured With Redlands Symphony

Harry Farbman will conduct the sixty-piece Redlands Bowl Symphony Orchestra at Redlands Bowl Tuesday at 8:15 p.m. with the celebrated soprano of "Met" fame, Mariquita Moll, as soloist. Miss Moll will sing arias from

"La Boheme" and "Tannhauser." The Orchestra will perform Brahms' Symphony No. 1 in C Minor, Vaughan Williams' Fantasy on "Greensleeves" and "Dance of the Comedians from Smetana's "Bartered Bride."

Admission is free, but a free will offering will be taken. The concert is sponsored financially in part by the Music Performance Trust Funds, Samuel Rosenbaum, Trustee, in cooperation with Musician's Union Local 157, Lee Logan, Secretary.

At 7:30 p.m. Wilbur H. Schowalter will lead the Community Sing, with Ruth Grinnell Fowler at the piano.

Friday at 8:15 p.m. will mark "Artie Mason Carter Night" at Redlands Bowl, honoring the woman who founded Hollywood Bowl forty years ago. The Field String Quartet — Otto Feld, Janet Rogers, Gyorgy Szende, and Joseph Di Tullio — will play Beethoven's Quartet in A Major (Op. 15 No. 5) and will join John T. Robertson in Dohnanyi's Quintet in C Minor (Op. 1). Robertson will solo in works by Ravel and Debussy.

Desert Area Church Activity

Saturday, July 15, 1961

THE DESERT SUN Page 7

ST. LOUIS CATHOLIC CHURCH is at Glen and B Streets in Cathedral City. The pastor, Fr. Joseph Leissler, left this week on a two-month vacation, but church activities are being carried on by a substitute priest, who is on call for needs of the

parishioners. Sunday Masses have been reduced to 9 and 10 a.m., but will be resumed on the regular schedule upon the return of Fr. Leissler. (Desert Sun Photo)

Palm Springs Community Church Welcomes New Minister Sunday

The Rev. and Mrs. Charles T. Brown, who have been called to serve in the Community Church of Palm Springs, will be welcomed at the 9:30 a.m. Service Sunday.

Mr. Brown recently was graduated from the Princeton Theological Seminary of Princeton, N.J., and was ordained as Minister of the Gospel of Jesus Christ last Sunday in his home church in Washington.

Dr. Blackstone, pastor of the church, will preach on the subject "Christ in You the Hope of Glory." The Summer Volunteer Choir will present special music with Lois Lux at the organ.

Following the morning service a reception will be held honoring the new Assistant Pastor and his wife, Carolyn. All members, friends, and visitors are welcome.

A well supervised nursery is provided for the care of small children under two years of age during the worship hour. Regular Sunday School classes are held for children and youth up through the Junior High Departments during the morning worship hour at 9:30 a.m. to permit parents to attend the worship while their children are in their Bible classes.

Explanation of Rituals Featured at St. Theresa's

Even under ideal conditions the "long sermon" is fighting a losing battle. And in Palm Springs summer temperatures, even with air conditioning the brief "fervorino" type seems to be up against it.

On last Sunday the congregations at all Masses at St. Theresa's Catholic Church were treated to something that was different because it sustained keen interest without trespassing on time. It was a running commentary on the Mass while it was being celebrated.

John Kane of San Mateo Drive, who is a student of St. John's Seminary, Los Angeles, gave an explanation of the vestments, and the different parts of the Mass that was brief, simple and direct.

Did you know that the fashions of about 1700 years ago are still worn every day all round the world? We are indebted to Mr.

The Rev. James W. Arnold, pastor, will be in the pulpit at Community Church of Cathedral City Sunday in the 9:30 a.m. Worship Service to deliver a sermon entitled "A Mutual Ministry."

The text is from Ephesians 4:11, 12 — "Some should be . . . pastors, and teachers, for the equipment of the saints for the work of the ministry."

Sunday Church School for all ages is at 9:30 a.m. Wednesday evening family fellowship will be conducted at 7:30 p.m. This program will include the showing of a film.

Or did you know that the Early Christians gathered together at such a place as a "Frosty Freeze" a "Pan-Cake House" or a "Coffee Shop," said a special prayer and then walked in procession to the place of worship and the prayer called the "Collect" is a relic of this?

Next Sunday a different commentary will be given touching new aspects. Masses are at 7, 9 and 11 a.m.

Matthew Gospel Is Sermon for Valley Church

The Rev. David T. Kagiwada of the Coachella Valley Christian Church, Avenue Fifty at Jackson, Indio, will preach the second of his series of sermons from the thirteenth chapter of Matthew's Gospel at the 10 a.m. service.

His topic will be "Those who founded Weeds." Perry Dyer will act as lay leader. Ed Arbogast will sing the solo, accompanied by Mrs. Louis Hoefflin.

Sister Alfreda said that the hospital wanted not only to provide the best possible medical and physical care, but also "warmth, interest and concern, so important to the well-being of the patient."

The second in a series of summer fellowship activities will be held Sunday at 5 p.m. in the form of a recreation night at the Salton Sea State Park. The Christian Men's Fellowship under the direction of John Graham will provide recreation and beverages. Those attending should bring a picnic supper.

"God's Means of Help" will be the sermon theme at the 9:30 a.m. celebration of the Holy Communion Sunday in St. Paul's in the Desert Episcopal Church.

'X' Stands for Staff Courtesy

MEMPHIS, Tenn. UPI — Workers at St. Joseph Hospital here are wearing a big "X" on their clothes to help promote the Gold Rule. The "X" stands for courtesy, according to Sister Alfreda, hospital administrator.

The staff feels the need for courtesy in the broadest sense," she said, which includes genuine understanding, sympathy, concern and love."

Sister Alfreda said that the hospital wanted not only to provide the best possible medical and physical care, but also "warmth, interest and concern, so important to the well-being of the patient."

Romulo Writes Of Old Friend Gen. MacArthur

EDITOR'S NOTE: Could General Douglas MacArthur become the savior of American prestige in disturbed Asia if chosen for such a task by President Kennedy? That question is raised inferentially in the following dispatch written exclusively for United Press International by General Carlos P. Romulo, Philippines ambassador to the United States. The dispatch was written just after MacArthur, supreme Allied commander in the Pacific in World War II and post war occupation chief in Japan, returned from a triumphal "sentimental journey" to the Philippines.

By General Carlos P. Romulo
Philippines Ambassador
To The U.S.
Written Exclusively for
United Press International

WASHINGTON (UPI) — General Douglas MacArthur's "sentimental journey" to the Philippines has a four-fold significance:

1. At a time when Soviet propaganda is sparing no effort to distort America's image in the eyes of the peoples of Asia, General MacArthur's personality emerges as a living refutation of Communist misrepresentations. Received by an Asian people with open arms and given a reception that in warmth and magnitude is unprecedented in that section of the globe, the American people should be proud that they have one of their own who can draw to his person and to his country such universal popular acclaim and admiration.

What greater service can anyone in America render to his people now, in the face of America's diminished prestige in Asia, than to be able to project abroad America's true qualities that will draw not suspicion or hatred but respect and gratitude as was evoked by General MacArthur wherever he went in the Philippines?

2. General MacArthur saw the danger of communism and he fought it in Japan and Korea with such vigor and uncompromising firmness that he alienated many who did not have his vision to realize at that time the Communist all-prevailing objective of world conquest. That he should have been received as he was received with such plethora of enthusiasm by our masses in the Philippines was a ringing reaffirmation of the unequivocal Filipino stand against communism. Coming at a time when Communists infiltration and subversion are causing dangerous inroads in southeast Asia, the over-all effect of General MacArthur's timely visit to an Asian country on the free world's fight against Communist totalitarianism is indeed incalculable.

3. General MacArthur saw the danger of communism and he fought it in Japan and Korea with such vigor and uncompromising firmness that he alienated many who did not have his vision to realize at that time the Communist all-prevailing objective of world conquest. That he should have been received as he was received with such plethora of enthusiasm by our masses in the Philippines was a ringing reaffirmation of the unequivocal Filipino stand against communism. Coming at a time when Communists infiltration and subversion are causing dangerous inroads in southeast Asia, the over-all effect of General MacArthur's timely visit to an Asian country on the free world's fight against Communist totalitarianism is indeed incalculable.

4. After having come in close contact with my people and having their affectionate regard as no other American has, he opened their hearts to him, and he is in a position to convey to Washington and to American public opinion the current feelings and sentiment of the Filipinos towards the United States. If Philippine-American relations are to continue on a basis of mutuality and close friendship, it is essential that there be in America a better understanding of present Filipino attitudes and reactions and that action be taken on pressing problems confronting the two governments. After his visit, General MacArthur is the man who can speak with authority on such matters.

5. We in the Philippines have shown by the spontaneous outpouring of cordiality and affection towards General MacArthur that we are a grateful people. We have given the lie to the saying that "republics are proverbially ungrateful." For in the twilight of his life and holding no official position, we welcomed General MacArthur as we welcomed no other in the past. No favors, no material rewards were expected. We in the Philippines are not fair weather friends. To whomsoever

is entitled "Love Almighty & Ills Unlimited" (Doubleday \$3.50), and the author is Dr. Austin Farrar of Oxford University.

Angels, Bums Drop Games

Indians Scalp
Cherubs 7-5
In 8th Frame

CLEVELAND (UPI) — The ninth place Los Angeles Angels go against the Cleveland Indians today with Eli Grba (5-9) on the mound.

The Indians tagged Jim Perry (7-7) for pitching duties today.

The Angels, 20 games behind the New York Yankees, sunk lower in the league pit Friday night when they suffered a 7-5 defeat at the hands of the Indians.

The victory came when Don Dillard singled home the tie-breaking run in a two-run eighth inning rally.

Dillard singled with two men on off reliever Jim Donohue to score Bubba Phillips from a second with the run that broke a 5-all tie. A pinch single by Bob Nieman scored Mike de la Hoz with the second run of the inning.

Trailing 4-2 going into the bottom of the seventh, the Indians scored three runs. Willie Kirkland's 16th homer of the season opened the inning. After Dillard and Valmy Thomas walked, pinch-hitter Chuck Essegian singled to score Dillard with the tying run.

Johnny Temple put the Indians ahead with a single which scored Thomas.

In the eighth inning however, Joe Koppe hit his first home run of the season with two out off reliever Frank Funk to tie the score.

Start Barry Latman was gunning for his ninth straight victory without a loss but gave way to Bob Allen in the sixth. Funk took over in the eighth just before the Indians' winning rally, but did not receive credit for the win because he did not pitch effectively in the official scorer's opinion.

Bobby Locke, who retired the side in the ninth, was the winner.

The Indians scored two unearned runs in the first inning.

Latman allowed only one hit until the fifth inning when the Angels got to him for four runs. Lee Thomas led off with a single, moved to second as Koppe walked, and scored on Ed Sadowski's single.

After Ken McBride forced Koppe, Albie Pearson doubled to bring in Sadowski and McBride. Pearson then scored on Billy Moran's single.

Suspended Liston Without US Ring

PHILADELPHIA (UPI) — Charles (Sonny) Liston's Pennsylvania suspension caused a chain reaction today which left the top heavyweight contender without a ring in which to fight in the United States.

Liston's employment problem began when the Pennsylvania Athletic Commission sidelined him "indefinitely" because of his two recent difficulties with the law.

The National Boxing Association covering 47 states, quickly backed up the action of its Pennsylvania member. David Ott, NBA president, said in Cleveland that the 26-year-old Liston would not get a license in NBA territory while the ban was in force.

BUCS SINK GIANTS 6-4 WITH CLEMENTE HR

SAN FRANCISCO (UPI) — Roberto Clemente, the Pittsburgh Pirates' league-leading hitter, likes to get out of windy Candlestick Park as soon as possible and there were plenty of San Francisco Giants around today who wanted to help him.

"I play my game here then I get out," the Puerto Rican hot dog said Friday night after his grand slam home run helped demolish the sagging Giants, 6-4. "Too much wind. Sometime it even pulls at my bat when I wait for a pitch."

One guy beat Clemente out of the stadium Friday night and that was manager Alvin Dark of the Giants. When the press burst into his room, all they found was a dirty uniform stacked on the floor.

Alvin had blown with about the same speed that the Giants blew a 4-1 lead.

Cepeda's 25th Homer

They try again today when Mike McCormick (7-8) heads for the hill against Harvey Haddix (6-3) in a meeting of left-handers.

Dick LeMay tossed up the gothic ball in Friday night's loss that sent Orlando Cepeda's 25th homer of the year down the drain.

San Francisco had a 4-1 lead going when Jack Sanford opened the eighth frame by getting trapped for a pinch double by Dick Schofield. Bill Virdon looked at strike three but then Dick Groat, whose error had allowed one San Francisco run to score, drew a walk.

Dark then rushed LeMay, the rookie southpaw, out to replace Sanford and big Dick hit Bob Skinner with a pitch to load the bags. Smokey Burgess popped out but Clemente followed with his 13th homer, a ball that took off low and gathered altitude like a jet as Willie Mays vainly scaled the left center field fence.

"I dunno if I hit a fast ball or

Lawlor Wins Throw

LONDON (UPI) — Ireland's John Lawlor, a Boston University student, won the hammer throw with a toss of 201 feet, 4 inches at Friday's British Amateur Athletic Association track and field championships.

PHILADELPHIA (UPI) — Second baseman Tony Taylor, suffering from a dislocated right thumb

has been placed on the disabled list for 30 days by the Philadelphia Phillies. George Williams, batting .294 for Dallas-Fort Worth in the American Association, was called up to replace Taylor.

Phils Rally For 7-5 Win In 3rd Game

LOS ANGELES (UPI) — The Los Angeles Dodgers, who muffed a chance to gain a game on the league-leading Cincinnati Reds Friday night, today closed out their three-game series with the Philadelphia Phillies in an afternoon contest.

With Cincinnati dropping an 8-7 decision to the Chicago Cubs, the Dodgers appeared on the verge of moving up to within four games of the leaders until Lee Walls and pitcher Jack Baldwin combined their talents to bring the Phillies a 7-5 victory in 10 innings.

With Cincinnati dropping an 8-7 decision to the Chicago Cubs, the Dodgers appeared on the verge of moving up to within four games of the leaders until Lee Walls and pitcher Jack Baldwin combined their talents to bring the Phillies a 7-5 victory in 10 innings.

For today's clash, Sandy Koufax, who leads the Dodgers with an 11-5 record, opposes Chris Short, 2-5, on the mound.

The game was scheduled for a 2 p.m. start because the Phillies have another daylight engagement tomorrow with the Giants at San Francisco.

Los Angeles had Friday night's game within its grasp in the eighth inning as starter Johnny Podres was coasting on a 5-1 lead. But he gave up two singles and with two away, Walls came in as a pinch hitter and tripled.

Dick Farrell replaced Podres and gave up a single to Bob Malkmus to score Walls. That still left the Phillies trailing 5-4 but Tony Gonzalez tied it up with his ninth inning homer.

Walls, who stayed in the game, led off the tenth inning with a triple and scored on Don Demeter's single with the winning run although Roger Craig, the fourth Dodger pitcher, loaded the bases after that run and forced the man with a walk to Gonzales.

Malkmus homered for the Phillips in the third and for the Dodgers Charlie Neal hit a two-run home in the bottom of the third.

The win snapped an eight-game losing streak for the Phillips for whom Baldwin pitched three perfect innings in relief to end the contest and take the win. Craig drew the loss.

Outfielder Ron Fairly hit safely in the contest to extend his hitting streak to eight straight games, equaling his best mark set in 1959.

Taylor Is Disabled

PHILADELPHIA (UPI) — Second baseman Tony Taylor, suffering from a dislocated right thumb has been placed on the disabled list for 30 days by the Philadelphia Phillies. George Williams, batting .294 for Dallas-Fort Worth in the American Association, was called up to replace Taylor.

Players Slog On

BIRKDALE, England (UPI) — The British Open Golf Championship, faced with its first cancellation in history, resumed today for the final 36 holes at the Royal Birkdale course in a slight rain and stiff breeze.

Torrential rain and wind forced postponement of the last two rounds Friday. Officials ruled afterwards that the tournament would be "void" if they failed to play today.

Gary Player of South Africa, leading money-winner on the American circuit, was forced to withdraw today after five holes because of an upset stomach. Player said he had been ill all night, suffered no fewer than 13 attacks and had the doctor several times.

Player, who compiled a 150 total after the first 36 holes, eight strokes behind the leaders, carded a 154 36 today before calling it quits. "It was agony, every shot embarrassed me," he said. It was the first time in my life I've ever had to withdraw from any tournament."

The greens and fairways were soft and very wet after Friday's rainfall. The ground staff, however, was standing by at almost every hole with brooms and mops to deal with any emergency.

Major Thomas Harvey said "even if the players have to use irons to putt with, we are going to make a big effort to get the championship finished."

CVSLA Plays Tonight

The Coachella Valley Savings and Loan adult hardball team will play a visiting nine from Escondido at the Polo Grounds, 7:30 p.m. today.

EARLY BIRD GOLFERS Gen. and Mrs. Lee Utz come out in the cool of the morning miss get in some dawn-time golf at Bermuda Dunes Country Club, as Ernie Dunlevie, club developer, holds the trusty watch to time awakening of the birds. "People who don't

Putters Defy Top Golfers

NEW YORK (UPI) — Professional golf's three top champions were challenged today to a \$5,000 winner-take-all tournament against three guys who can't do anything but putt.

"It would be worth \$5,000 to me, and I'll put up the purse," said Don Clayton, president of Putt-Putt Golf, "for masters champion Gary Player, U. S. Open champion Gene Littler and the PGA champion crowned at Chicago next month to meet out three top putters."

Clayton, completely serious, proposed that the match be played over two evenings during next February's New Orleans Open.

"I honestly believe that out putting pros putt better than the regular touring pros," said the former University of North Carolina football star who is in New York for this weekend's \$5,000 Eastern Putting Open at Farmingdale, Long Island. "If they think they're better, this is an easy and painless way for them to pick up \$5,000."

Weldy Won Title

Lee Weldy, a 23-year-old magazine salesman from Savannah, won the pro putting association's national championship at Cincinnati two weeks ago by being 42 strokes under par for eight rounds.

Rakow Goes Distance

The Twins handed Frank Lary the distance for the first time this season, pitching a seven-hitter to beat Joe McClain and register his second victory.

The Chicago White Sox beat the New York Yankees, 6-1, but the Yanks still clung to first place by three percentage points when the Minnesota Twins defeated the Detroit Tigers, 5-2. The Baltimore Orioles nipped the Boston Red Sox, 7-6, and the Cleveland Indians downed the Los Angeles Angels, 5-4.

Bauer, who will bow out as an active player in six more days because he honestly feels he "can't do the job anymore," proved differently Friday night when he drove in the winning run of the nightcap.

Bauer's blow clinched a double-header sweep for Kansas City over Washington, the A's winning the second game, 9-7 after snapping a five-game losing streak with an 8-3 triumph in the opener.

Here was the situation: The Senators twice had blown three run leads. With the score tied 7-7, Dave Sisler came in to pitch for them in the 10th and still preserved its five-game lead when the Philadelphia Phillies snapped an eight-game losing streak with a 7-5 win over the Los Angeles Dodgers in 10 innings. The St. Louis Cardinals beat the Milwaukee Braves, 2-1, and the Pittsburgh Pirates topped the San Francisco Giants, 6-4.

Sheldon Helps Chisox

Rookie Roland Sheldon of the White Sox uncorked three wild pitches in one inning—one short through with a sacrifice fly to

the White Sox took advantage of them to score three runs that clinched Juan Pizarro's fifth victory.

The Twins handed Frank Lary the distance for the first time this season, pitching a seven-hitter to beat Joe McClain and register his second victory.

Dick Williams' three-run homer in the ninth inning powered the Orioles to their victory over the Red Sox.

Don Dillard singled home the tie-breaking run during a two-run eighth inning rally after five runs, including a homer by Bob Allison.

The pro putters association is an off-shot of Putt-Putt Golf, a grown up version of miniature golf, with some 300 courses in 35 states. There are 1,500 members of the pro putters association and about 30 of them make the 13-week cross country tournament schedule.

For such a short period of time, it's quite an attraction. The putting wizards competed for \$42,000 in prize money last year. This year the prize total is up to \$80,000 and Clayton asserts that they'll be putting for \$250,000 by 1965.

Held Let Putters

Frank Holt of Chattanooga was the pro putters leading money-winner last year with \$4,101 plus \$1,300 which he picked up in four television matches. Neil Connor of Greenville, S. C., helped pay his way in college by winning \$3,737.

"The regular touring pros of golf will tell you that putting is the greatest part of the game," Clayton says. "But they have no way of really telling who is their best putter. They may be an equal distance from the hole but they will face different rolls and contours."
